Overseas Student Health Cover (OSHC) helps international students cover their medical costs.

Allianz Global Assistance is SIBT’s chosen provider of Overseas Student Health Cover.

All international students must take out OSHC as a condition of their student visa and SIBT arranges payment of OSHC to Allianz when your pay your fees and before you are issued with your Confirmation of Enrolment (CoE).

Why do I need Health Insurance?

- Medical treatment in Australia is expensive, and if you have an accident or get sick, insurance may help to cover many of your expenses.
- OSHC is a mandatory requirement of the student visa and the policy must cover the full length of your visa duration.

You will need your SIBT Campus Card as well as your Allianz Membership Card to verify you have valid OSHC when visiting a medical service.

How to Renew a Lapsed Policy

If your OSHC membership has expired:
- You are in breach of your student visa,
- You are not covered for any medical treatment.

You can arrange to renew your lapsed Allianz OSHC policy through your education institution.
OSHC
(Overseas Student Health Cover)
